

AMALIA BLOOM

MAIDEN VOYAGE CD / LP (IGN269)

Rising from the ashes of Vicenza based punk rockers Mr Day and Frode Alimentare, emotional post Hardcore band Amalia Bloom are ready to take on the world with the release of their first album *Maiden Voyage* on Engineer Records.

Every song tells a story and every album weaves a tale and *Maiden Voyage* is built around the legend of a boy who unintentionally escapes the humdrum confines of reality and explores the infinite possibilities of fantasy through the comfort and security of his dreams.

Exploring populist ideas of loneliness and the disassociation that walks hand in hand with it and feeling lost and alone despite being constantly surrounded by people, *Maiden Voyage* is a beautifully intricate and expressive record that is as emotionally resonant as it is intelligent.

In a world plagued by fear, loss and uncertainty, Amalia Bloom and *Maiden Voyage* offer the one thing that everyone, whether they know it or not, craves. Hope.
